Shampoo and Conditioning Hair

Hello Mom/Dad/Guardian,

I'm Dropping the Gems to the Perfect Shampoo!
A great approach to an independent child who wants to comb their own hair is to show them how and you can be an assistant making sure the hair is shampooed, conditioned and detangled properly then allow them to finish it then sit back and marvel at their work and Give 'em a high-five on the job well done!

HAIR CARE INSTRUCTIONS

Excerpts from 7-Step to The Perfect Shampoo

- Step 1. Detangle or brush the hair thoroughly before wetting the hair (especially after removing braids) or hair extension.
- Step 2. Wet the hair/ scalp thoroughly then apply shampoo and work into a lather, massage scalp and cleanse the hair in a downward motion.3.
- Step 3. Rinse thoroughly with warm water 4.
- Step 4. Repeat Step 2 & 3
- Step 5. Towel dry, apply conditioner
- Step 6. Rinse conditioner thoroughly, followed by a cool rinse, gently towel dry, section hair, detangle
- Step 7. Style as usual!!

This Piece will give you Peace
